

BASLER TURBO CONVERSIONS, LLC

Airframe and Powerplant Mechanic

Founded in 1990, Basler Turbo Conversions, LLC is headquartered in Oshkosh, Wisconsin. Our BT-67 aircraft is flown in almost every corner of the world. We offer a clean, safe working environment in our 75,000 square foot state-of-the-art facility, and competitive pay with a full benefits package.

Primary Responsibilities:

- Plan, lay out, fabricate, assemble, install, and repair aircraft sheet metal parts.
- Read and interpret blueprints, sketches, or product specifications to determine sequence and methods of fabricating, assembling, and installing sheet metal products.
- Lay out and mark dimensions and reference lines on material to develop and trace patterns of product or parts, or uses templates.
- Set up and operate fabricating machines such as shears, brakes, presses, forming rolls, and routers, to cut, bend, block and form, or straighten materials.
- Shape metal material over anvil, block, or other form.
- Trim, file, grind, de-burr, buff, and smooth surfaces.
- Comply with 14 CFR (as applicable), manufacturer's specifications, company policies, and procedures, as well as other methods accepted by the FAA, when accomplishing maintenance.
- Conduct on-the-job training as assigned.
- Maintain the maintenance work area in a clean and orderly condition.
- Perform a variety of tasks ranging from repetitive to non-repetitive production assembly operations on aircraft structural assemblies and sub-assemblies such as wings, stabilizers, and flight controls.
- Work with or without established blueprints to fabricate, drill, dimple, file, grind, trim, countersink and install aircraft structural assemblies and sub-assemblies.
- Use of hand and/or power tools, jigs, and saws.
- May disassemble, modify, rework, re-assemble, complex structures and systems.
- Work with composites if interested.
- Additional duties as assigned.

BASLER TURBO CONVERSIONS, LLC

Skills and Experience Required:

- Previous experience manufacturing simple to complex mechanical assemblies and sub-assemblies.
- Experience using hand tools, power tools, and machinery such as drill presses, rivet and hardware presses.
- Ability to read and understand mechanical drawings.
- Must have strong mechanical aptitude.
- Well rounded knowledge of sheet metal tooling, equipment, materials, and processes, strongly preferred.
- Must own basic set of aircraft maintenance tools and a rolling toolbox.
- Must take instruction and guidance well.
- Must be goal oriented, have exceptional attention to detail, and must work well individually or in team situations
- Enthusiasm to learn.
- A drive for process improvement and learning our aircraft and systems.
- High energy level.
- Ability to multitask.
- Ability to work at both a fast paced and high quality level.
- Must be able to pass pre-employment and random drug and alcohol tests.
- Current FAA Airframe and Powerplant (A&P) certificate.
- Be authorized to work in the US.

Physical Abilities:

This position requires you to perform a variety of physical activities such as:

- Accessing elevated areas of aircraft for maintenance and servicing which may require the use of ladders, high lift trucks, boom lifts and other lifting devices
- Climbing, standing, stooping, bending, kneeling, sitting, working overhead, extensive walking, working in tight/confined spaces and lifting up to 50 pounds
- Handling hazardous material in performance of assigned duties
- Be able to use Personal Protective Equipment (e.g., respirators, safety glasses, safety shoes, etc.)
- This description has been designed to indicate the general nature and level of work performed by an employee within this position; additional tasks and responsibilities may be assigned as appropriate

BASLER TURBO CONVERSIONS, LLC

Desired Experience:

- 3+ year's structural sheet metal experience.
- General aviation experience performing annual inspections and maintenance.
- Experience working with composites and fabric flight controls.
- High school diploma/GED.
- Experience working on a C47/DC3.

Hours: 6:30 am - 3:30 pm Monday-Friday
